Personal Statement

I am a hard-working individual with numerous technical skills, but also a solid awareness of the business environment. I am thoroughly enjoying my degree, and am considering a Masters in Computing Science. I am a member of a music and a language society, and have a technical position at the University radio station. My other interests include kiting and mixing music.

Work Experience

- **TJS Web Services** Horncastle
 - *Web Developer* Summer 2007 + 2008
 - Turned PSD designs into standards compliant XHTML + CSS
 - Built PHP + MySQL backends to drive site content
 - Talked with customers to refine needs and fix issues
- **Debenhams** Lincoln
 - *Restaurant Assistant* Nov. 2006 - Jan. 2007
 - Cleared tables & assisted customers with child seats
 - Cleaned kitchen utensils & dishes
 - Moved stock cages & unloaded items

Skills

- Programming and Markup Languages
